***Grading Error – Devonport greyhounds - race 8 – 2 April 2019***

The Office of Racing Integrity would like to inform participants there was a grading error involving BUCKLE UP AVA in race 8 at Devonport on 2 April 2019.

Upon nomination, BUCKLE UP AVA was assessed as grade 5 instead of grade 4. This incorrect grading allowed BUCKLE UP AVA to nominate and subsequently win race 8.

The issue occurred due to a conflict between manual and automatic grading within Ozchase.

The office of Racing Integrity has carefully assessed the matter and determined that the placings will stand. Grading procedures will be further assessed.
