Abandonment of Launceston Pacing Club Meeting 5 June 2022

Stewards of the Office of Racing Integrity undertook a final inspection of the Mowbray harness track at 12 noon on 5 June 2022. As a result of that inspection the stewards determined that the track was unsuitable for racing given the weather conditions at the time of inspection and through the forecast.

Accordingly, the Launceston Pacing Club meeting was abandoned with arrangements made for the rescheduling of the meet to Tuesday 7 June 2022.
