

INDUSTRY NOTICE

Date of issue 14 September 2020

TCO2 Reporting – Thoroughbred

Participants please be advised that the Office of Racing Integrity are now publishing on our website TCO2 levels taken from horses that are at a level of 35.0 mmol/L or greater, but below the threshold set out in the Australian Rules of Racing.

The details will include the horses name, trainer's name and the date of when the sample was taken.
