

INDUSTRY NOTICE

NOTICE TO ALL HARNESS RACING PARTICIPANTS

Effective immediately, at the direction of Tasracing, arrival on course for all harness race meetings will be limited to no earlier than 2 hours prior to the scheduled start time for Race 1.

However, should any trainer need to be on course prior to this, application can be made to the Chief Steward. These applications are on a case-by-case basis and restricted to a single race meeting. For the avoidance of doubt, an application needs to be made each time a trainer plans on arriving early.

The Office of Racing Integrity (ORI) requires this information to provide for the supervision of racing venues consistent with upholding the integrity of race meetings.
