Dear Wes

Thanks for your letter

We will respond to you formally, but in the meantime, I suggest that it would be worthwhile you understanding the actual production figures in Storm Bay – both for FY19 and FY20 – as the position that you have for our leases and their current production both for FY19 and FY20 is approximately 50% of the current biomass produced from our leases (i.e. without West of Wedge leases)

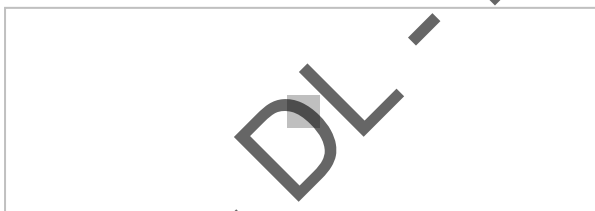

It may also be appropriate for you to understand how proponents are able to use their respective leases over the next 3 years as well

Warm Regards

Mark

Wes

Just wanted to advise that [REDACTED] has considered the letter of representation from [REDACTED] on behalf of Headlam

[REDACTED] position has not changed ... the proposed use is NOT prohibited pursuant to the Central Highlands Interim Planning Scheme 2015

Simply, [REDACTED] is incorrect in her interpretation

Warm Regards

Mark

Of course you do - I should have said it was the Hac submission for a RAS or better still just built it like they do and argue the toss on matters after the fact

iMessage

Tue, 22 Oct, 11:30 am

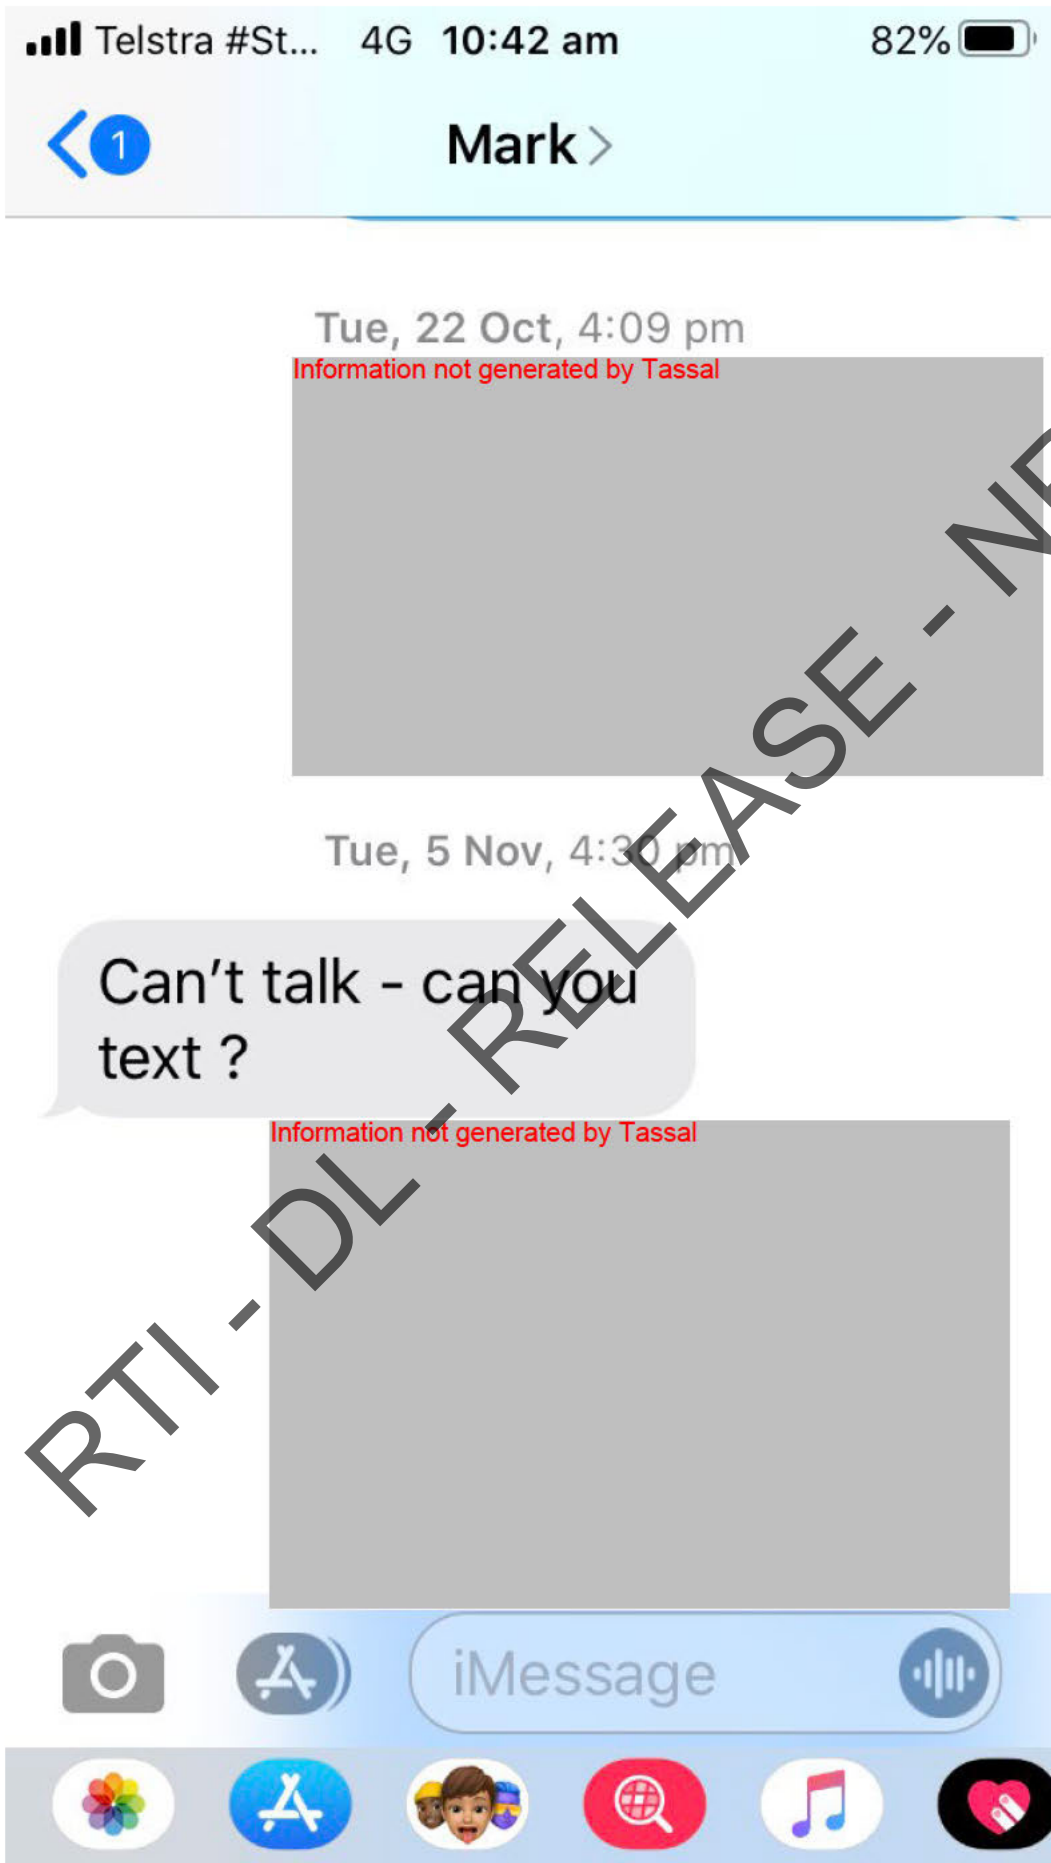

But hasn't the pump station been already approved ?
