Hi Carole,

My name is [REDACTED] and I am emailing you today to request permission for filming in Tasmania's National Parks.

My latest project has a working title of "Mountains". [REDACTED]  
[REDACTED] I want to explore:

- **Why we climb mountains**
- **When do we do it?**
- **Who does it?**
- **How do we do it?**
- **When do we do it?**

Beyond this, I want to investigate how mountains can heal, reenergise, challenge and motivate people amongst many other life-changing experiences. [REDACTED]  
[REDACTED]

Now it has grown into a documentary – still with those same elements.

There will be three distinct parts of the documentary:

- **Me filming my story out in the wild**
- **Me filming the people that I meet on my journey (such as PWS staff, fellow hikers)**
- **Filming experts who can talk about their experiences with mountains (such as PWS staff, experts in the field of mountains, ordinary and famous people who have climbed mountains and had a life-changing journey)**

The details and park access required:

- **Monday 9 December – Saturday 21 December inclusive**
- **Narawntapu National Park (possibly)**
- **Rocky Cape National Park (possibly)**
- **Mole Creek Karst National Park (possibly)**
- **Savage River National Park (possibly)**
- **Cradle Mountain Lake St Clair National Park (probably)**
- **Walls of Jerusalem National Park (definitely)**
- **Mount Field National Park (definitely)**

### **THE BIG HIKE**

This is where I will be carless. The start and finish point will be Cackle Creek after being dropped off by a friend.

The details and park access required:

- **Sunday 22 December 2013 – Tuesday 11 February 2014**
- **Southwest National Park**
- **Franklin-Gordon Wild Rivers National Park**
- **Tahune Airwalk**
- **Hartz National Park**
- **Hastings Caves**

The overall plan of tracks and places visited:

- **South Coast Track**
- **South West Cape**
- **Port Davey Track**
- **Davey Gorge**
- **White Monolith Range**
- **Folded Range**
- **Frankland Range**
- **Wilmot Range**
- **Strathgordon**
- **Mount Wedge**
- **Mount Anne Circuit**
- **Port Davey Track**
- **Western Arthur Range**
- **Eastern Arthur Range**
- **Federation Peak**
- **Mount Hopetoun**
- **Farmhouse Creek**
- **Tahune Airwalk**
- **Hartz National Park**
- **Adamsons Peak**
- **Hastings Caves**

- **Southern Ranges**

**POST BIG HIKE**

This is really a recovery phase and a chance to wind down from the big journey. This is a lot more fluid than the big hike, but not as fluid as pre big hike.

The details of dates and parks visited:

- **Wednesday 12 February 2014 – Sunday 23 February 2014**
- **South Bruny National Park (probably)**
- **Wellington Park (probably)**
- **Tasman National Park (possibly)**
- **Maria Island National Park (definitely)**
- **Freycinet National Park (definitely)**
- **Douglas Apsley National Park (probably)**
- **Ben Lomond National Park (possibly)**

Based on this itinerary, during the big hike there are only three places where I will run into groups of people:

- **Strathgordon**
- **Tahune Airwalk**
- **Hastings Caves**

The benefits of this project to Tas PWS are many and varied. It will highlight Tasmania as an island destination of unrivalled beauty, tranquillity, space and time, solitude, and the inviting nature to “come and find yourself”. In addition, it will focus on how important it is to preserve the stunning wilderness on the island state, and for that matter mainland Australia and the rest of the world.

Please let me know if you require any further information.

I look forward to hearing back from you with your thoughts.

Kind regards,
