Hi Will,

Good to catch up last night.

Under the existing legislation the minister has no power to allow any activity other than those specified in the act on land controlled by parks and wildlife. The area in question is ex state forest that became part of the coastal reserve when management was handed over from crown land to parks in one of the Howard Agreements.

Section 37

I would be happy to host yourself or your representative to see the project and location first hand.

Regards,
John
