

Weeds Action Fund Stage 2 Small Grants - Round 1

- Funded Projects

This round contributes to Stage 2 of the Tasmanian Weeds Action Fund, a \$5 million Tasmanian Government initiative, funded for five years from 2018 and delivered by NRM North. The funds provided by the Tasmanian Government will be invested with landholders, land managers, and other organisations to tackle weeds that are impacting valuable agricultural and environmental assets.

Applicant	Project title	WAF grant funds sought \$ GST excl.
