

LIST OF TERRESTRIAL AND FRESHWATER INVERTEBRATES RECORDED FROM THE WHA								
The following list includes only formally named species, with the exception of un-named 'species' which are listed in Native Invertebrates which are Rare or Threatened in Tasmania (Invertebrate								
Legend:								
Proportion of range in WHA: Part - <75% of State records in WHA ; Primary - > 75% of State records in WHA; Entire - all State records in WHA;								
Distribution in WHA: Widespread - >4 widely dispersed records in WHA; Restricted - <5 widely dispersed records in WHA
