GENERAL

Stewards inquired into tactics adopted on Pop A Honda at the Tasmanian Turf Club meeting on the 6th of October 2021. T Baker stated that the gelding was fractious in the barrier and then it had been slow to begin, raced back in the field and commenced to over race. He received some pressure approaching

the home turn and had to steady his mount. He had also been held up entering straight and had to shift wide to obtain a clear run. After that he rode out under hands and heels, being mindful that he had ridden it at its first start and when placed under pressure with the whip had not responded. Stewards noted his comments.
